

START UP PROGRAMME

DANISH FOUNDATION FOR ENTREPRENEURSHIP

Payment of membership fee - Start Up Programme

To get access to the Start Up Programme activities, the education or institution must be a paying member.

The membership fee follows the academic year: for instance August 2018 – July 2019.

Start Up Programme requires payment from either:

- Complete educations
- The entire educational institution
- Student incubators per location*

* If you are member only as a student incubator and mentor, there are some of the competency-developing initiatives in Start Up Programme which you do not have access to.

Start Up Programme is meant as a learning experience. The programme will therefore continuously develop competence lifting initiatives for teachers who use the programme in their teaching.

Prices

- **Entire educations**

Price 6,500 DKK for one year of participation and full access to all Start Up Programme activities.

Price is regardless of the number of students and locations. That is, if you have registered as member as an institution or education, all students and teachers affiliated to the institution or education have access to the Start Up Programme initiatives.

When registering as an education in Start Up Programme, we encourage to provide common information about the possibilities to all teachers. Moreover, Start Up Programme offers to join in a pedagogical or knowledge sharing day to present the possibilities of the programme.

- **Entire institution**

Price 50,000 DKK for one year of participation in the Start Up Programme initiatives for everyone affiliated to the institution. The price covers all teachers and students.

If you have more than 8 educations or incubators registered in Start Up Programme, the membership fee remains 50,000 DKK per year.

NB: Irrespective of size of the institution, the membership fee cannot exceed 50,000 DKK.

When registering as an educational institution in Start Up Programme, we encourage to provide common information about the possibilities to all teachers. Moreover, Start Up Programme offers to join in a pedagogical or knowledge sharing day to present more about the possibilities of the programme to students as well as teachers.

- **Student incubator per location***

Price 6,500 DKK for one year of participation in limited access to the Start Up Programme activities.

Access to regional championships in entrepreneurship, Danish national championship in entrepreneurship, European championship in entrepreneurship, Start Up Day, Meet & Match arrangements.

NB: All prices are excl. VAT.
